The Buffalo Convection Oven 100Ltr is a high quality, robust and powerful gastronome compatible convection oven. Its features include a fan circulated heating system, replaceable door seal, double-glazing, easy-clean vitreous enamel oven coating and a robust cool handle. It is ideal for a variety of application within a busy professional kitchen, including baking, roasting, warming and heating.

£70.00

The Lincat Silverlink 600 Double Electric Fryer DF618 is designed for high output and rapid recovery, making it ideal for even the busiest professional kitchen. Front-mounted controls ensure easy and safe operation, while the cool zone and drainage taps allow debris to be collected and oil to be removed with no blockages. The high-grade stainless steel fryer tank, equipped with fully-welded hobs and a seamless finish, is a durable, easy-clean machine for fast cooking. Heavy duty double nickel plated spun wire baskets

£85.00

The heavy duty, stainless steel Pitco Free Standing Single Tank Propane Gas Fryer CE-35CS-LPG from the highly popular brand Pitco comes with a variety of useful and time-saving features. Some of these include integrated splash back guard, triple tube and cool zone feature and drainage spout for quick and easy maintenance. The fryer also comes complete with two easy clean baskets.

£100.00

These general purpose hot cupboards are suitable for use in all commercial catering operations.

£65.00

The heavy duty Buffalo Extra Wide Countertop Electric Griddle features two large, independently controlled cooking areas, whilst the griddle itself is robust and machine-finished making it highly durable and exceptionally easy to clean. It also comes with an ABS control dial and an easy to remove and clean waste tray.

£30.00

The manual fill Buffalo 40 litre water boiler is a powerful and versatile appliance. The easy to clean, fully-welded stainless steel construction and the huge 40 litre capacity ensures that the urn is strong, water-tight and large enough to serve many drinks without being refilled. With a powerful 2600W concealed element and variable temperature control, the Buffalo commercial boiler

can be used to keep water below boiling if required. Supplied with secure durable handles to ensure the unit is portable and a non-drip tap.
